

WARRANTY CONTRACT FOR REMANUFACTURED ENGINES

Page 1 of 3

MAKE/MODEL –

INVOICE NO – PURCHASE DATE –

WARRANTY LENGTH - 12 MONTHS or 12,000 MILES (Whichever comes first) FROM DATE OF PURCHASE NOT INSTALLATION – 1st Oil change is at 500 miles.

Please make sure you read this in full before signing. Please ensure the mechanic installing this engine has a copy of this contract. Please do not make any assumptions, if you have any questions, please do not hesitate to ask us.

This document needs to be completed and signed to confirm you have read and understood the warranty requirements below before your engine is dispatched / collected.

Engines we supply are warranted for a period of 12 Months from the date of this agreement or 12,000 miles (whichever comes first) assuming normal use and proper care and subject to the following terms and conditions. Breach of any of these conditions will render this warranty void at our discretion.

500 mile oil change – Please ensure receipts are kept for the required oil change after the first 500 miles of driving – if this is not completed your warranty would be voided.

1. That the engine be correctly fitted to the vehicle exactly as recommended by the manufacturers of the vehicle. That the engine is fitted by a registered garage who can provide necessary receipts and reports when required. When fitting the supplied engine, you will need to use the following items to meet the requirements of this warranty, if they are not met the warranty will be voided at our discretion. Upon the event of a valid warranty claim, receipts will have to be provided to prove these parts have been purchased and fitted correctly – So please retain them for the warranty's entire duration. This list is as follows: New approved engine oil, oil filter, fuel filter, spark plugs (if petrol), air filter, water thermostat, diesel injector copper washers & seals. Remote oil coolers must be replaced with new – not washed out / Engine mounted oil coolers must be replaced with new – not washed out.
2. That the engine is not fitted or connected to or required to work with defective vehicle parts or to non-standard fuel systems, management systems or air filter assemblies.
3. The engine is:
 - a) Not used in a rally, road race, grass or track event or any other form of competition.
 - b) Not be used in any unusual or abnormal manner.
 - c) Not in a vehicle which is involved in an accident resulting in damage to the engine or connecting parts.
 - d) Not wholly or partly dismantled.
 - e) Kept properly lubricated and serviced in the correct manner, with a lubricant approved by the vehicle makers (damage caused by loss of lubricant or water is not covered by this warranty – temperature stickers are fitted to the engine).

4. That we are notified of the alleged defect in writing via post or email within 48 hours of discovery of the alleged defect and of your intentions to invoke this warranty.
5. That as soon as practical, the engine is returned to us for inspection if an easy repair is not possible whilst the engine is still fitted in the vehicle.
6. This warranty does not cover the cost of removal and refit of any engine or engine component.
7. Where the engine is fitted to a vehicle for which it was not originally designed (i.e. engine conversions, kit cars etc.) the warranty is immediately voided.
8. Diesel fuel systems – including programming fuel pumps, electronic fuel injectors, egr's, pilot learning and optimizing – these procedures MUST be performed using the correct manufacturers programming equipment (Intelligent Diagnostic System – ie: Ford IDS) before the vehicle is driven. Receipts for this procedure must be provided in the event of a claim. If you cannot provide receipts a claim will not be accepted.
9. Your diesel particle filter (DPF) and Catalytic converter must be flow checked to ensure they are not blocked, if they are blocked they need to be professionally cleaned and tested or replaced with new.

NOTES

A Trade customers are advised to inform their customers of the warranty period and conditions mentioned herein.

B Upon acceptance of a valid claim we will at our opinion repair the defective engine or exchange it. If there is a dispute as to the cause of the defect, we may charge the full price of a replacement engine until such time as the faulty unit has been examined, If we are at fault the price will be refunded. Examinations are done inhouse by our own engineers.

C If we repair or exchange the engine the original warranty period in respect of the engine is not thereby extended.

D These engines are remanufactured and should be referred to as remanufactured, not new, as they may differ from the manufacture's original specification.

E No labour charges will be met on removal of faulty engines. Engines that are faulty must be returned to us for repair.

F Our warranty covers parts only, we cannot cover any labour costs associated with fitment, removal or re-fitment of any engine or part. Nor do we cover any costs arising due to the fitment of a part or engine we have supplied.

Exchange Engine

The exchange engine must be in a remanufacturable state, if there are any holes in the block, damage to the head, or any other major damage to the engine, it will be refused as a surcharge unit and the surcharge fees will not be refunded.

You will be responsible for collection of the un-surchargeable engine. Surcharges can take two weeks to be refunded from point of collection.
